

CURRICULUM PROVISION AT CALMORE INFANT SCHOOL

CURRICULUM AREA: ENGLISH

Purpose of Study:

English has an essential place in education and in society. A high-quality education in English will teach pupils to speak and write fluently so that they can communicate their ideas and emotions to others and others can communicate with them. Through reading and discussion, pupils have a chance to develop culturally, emotionally, intellectually, socially and spiritually. Literature, especially, plays a key role in such development.

Reading also enables pupils both to acquire knowledge and to build on what they already know. All the skills of language are essential to participating fully as a member of society; pupils, therefore, who do not learn to speak, read and write fluently and confidently are effectively disenfranchised.

At Calmore Infants we aim to develop children's spoken language, reading, writing and vocabulary as integral aspects of the teaching of every subject. We teach the knowledge, understanding and skills they require for reading, speaking and writing in the Early Years Foundation Stage and Key Stage 1. Our curriculum is purposeful for *all* pupils and enables them to apply their learning in different ways and to varying depths so that they become independent learners.

Continuous assessment for learning will determine the security of children's understanding and their readiness to move on. Children with secure understanding will be challenged to apply their understanding creatively, connecting learning together from a range of objectives and in alternative and unique contexts. Those who are not confident with domain content will be supported to consolidate their understanding through targeted teaching before moving on.

We aim for children to leave Calmore as confident speakers with a secure understanding of the English curriculum content, a love of literature, a willingness to read and write and the desire to challenge themselves and improve.
