

Ducklings

Penguins

Learning Log Week beginning 4th June 2018

PE

We have been practising for our sports day in a few weeks' time. We had a go at throwing and aiming, running short distances and different ways of moving through, on top of and under equipment. We will continue working on these skills over the coming weeks!

Challenge time

This week in maths, we have explored patterns, what they mean and how we can see it is a pattern.

Using objects or toys around the home, can the children create their own pattern? Please send it to us on tapestry!

Reading and Phonics

Over the next few weeks, we will be introducing the children to small group reading during the afternoon. This is as well as their phonics sessions in the morning.

The idea with the group reading is to share discussion, thoughts, ideas and reflection. Also to check for understanding and to encourage creative possibilities.

We will begin next week and put a label in your child's reading diary to inform you of the book we have shared.

We will then encourage your child to either write, draw or say if they enjoyed the story and why.

Reminders

Thank you for all of your contributions for the summer fayre. They are greatly appreciated!

Father's day gift stalls will be held in school next week on Friday 15th (£3).

Have a lovely weekend!
