Learning Log Week beginning 15th October 2018

Welcome to our weekly learning logs. We will send these out by email every Friday afternoon to inform you of your child's learning during the week!

Making bread

This week we explored the process of making bread. We spoke about all the ingredients and learned about how yeast helps the bread to rise. We had to knead the bread lots and then watched it rise. In the afternoon, we ate our bread and had a mini afternoon tea with milk! We chose either jam, honey or marmite to spread on our bread rolls.

Please visit our website or our blog calmoreinfantsblog.co.uk for more information and news!

Phonics

The sounds learnt this week have been:

Our Red word of the week is

the

We have been exploring how to use this word when we speak, e.g.

I can see **the** teddy on **the** chair.

Thank you

Half term challenge

Following our learning of 2D shapes, can the children make a shape picture? They could draw around objects such as cans, boxes etc. Can the children identify shapes in the environment that resemble the shapes we learn in school e.g. triangle, square? Please bring in shape pictures as they will be added into your child's maths' folder.

Reminders:

The first week back after half term will be Gruffalo week throughout the school. We will be doing lots of lovely Gruffalo themed activities. Please could we ask you to bring in a bundle of sticks if you manage to get hold of any over half term.

Please support your child in their phonics learning over half term. Please see the tapestry podcasts for the sounds we have learned so far.

Please remember the first day back after half term is an inset day. Therefore children do not come back to school until Tuesday 30th October.
